## DESCRIPTION

Suite is a remastered Scandinavian chair originally designed in the 60s. It presents itself lightly with sinuous curves, spinning like a dancer as a part of a greater ensemble of objects in a living room or alternate setting. The wooden frame provides structure, while the multi-layered seat cushion (complete with a feathered layer for comfort), lends to an ergonomic and comfortable seating experience.

The ottoman remains stationary and grounds the chair as well as the person resting upon it.
